DR JO GEE

PSYCHOLOGICAL THERAPIES

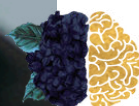

EXPERT MENTAL HEALTH CARE

Welcome to our therapy clinic in Surrey, offering psychiatry, counselling, psychotherapy, CBT and DBT in Guildford and online.

We offer a range of gold standard treatments to help you learn, recover and get symptom relief. When looking for psychiatric and psychological treatment, you want to feel you are in safe hands, with a professional who offers evidence-based interventions so that you can work through your current emotional difficulties quickly and effectively.

We offer scientifically backed psychotherapeutic treatments for a range of specialist issues.

DR JO GEE

UKCP Reg; MBACP (Accred);
Registered Manager

Dr Gee is the Clinical Director and leads her experienced therapy team. She is a senior Clinical Psychotherapist, with 17 years' experience delivering psychotherapeutic treatment and developing NHS and private therapeutic services in the UK.

An expert in women's mental health, she has a specialist interest in the treatment of perinatal mental health and personality disorders in women and adolescents.

Dr Gee leads her team in the use of evidence based treatments, ensuring interventions are in line with NICE guidelines and support current research.

Jo carefully curated her team over many years and is passionate about offering expert guidance and scientifically backed treatments to bring about long term change.

PSYCHIATRY SERVICES

Expert psychiatry supporting a range of conditions from anxiety, depression, ADHD, phobias, OCD to BPD.

ADULT PSYCHIATRY

We offer psychiatric treatment and prescription for a range of mental health related problems. We also offer adult assessment for ADHD. Dr Dunn and Dr Sawhney, supported by our dedicated team, aim to provide an accurate diagnosis and a unique, personalised treatment for the particular mental health condition.

ADOLESCENT PSYCHIATRY

Our adolescent psychiatrists offer assessment, diagnosis and treatment, alongside a clinical psychologist. We see a range of conditions in children and adolescents as well as assessing for ADHD and autism.

PSYCHOTHERAPY SERVICES

01

COUNSELLING AND PSYCHOTHERAPY

We can work with you on a range of issues including anxiety, depression and postnatal issues. We will highlight your goals, develop a plan to support you reach them and then work to help you gain insight, relief and the tools necessary to bring about change.

02

DIALECTICAL BEHAVIOUR THERAPY

DBT is a therapy designed to help you change patterns of behaviour that are not effective, such as self-harm, suicidal thinking and substance abuse. The approach works towards helping you increase your emotional regulation by learning about the triggers that lead to reactive states.

03

COGNITIVE BEHAVIOURAL THERAPY

We offer Cognitive Behavioural Therapy (CBT) in Guildford, Surrey and as an online therapy. CBT is a talking therapy that can help you manage your problems by changing the way you think and behave. It incorporates an examination of your thoughts with a behavioural approach. It is often recommended by GPs or psychiatrists as a short term, effective and NICE guideline recommended therapy.

If you are looking into therapy, DBT or CBT as a possible treatment for you, contact us for a discussion around the treatment and how it can support symptoms.
